**DETAILED ACTION**

***Response to Amendment***

1. Applicant's remarks filed 3/22/04 have been entered and carefully considered. Applicant's arguments are not found persuasive of patentability for reasons set forth herein below.

***Claim Rejections - 35 USC § 103***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1, 18, and 21-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Harwood et al (6130292) or Auerbach (EP 709499) each in view of Fukata (4454189), as set forth in the previous three actions.

For the reasons previously set forth, it is the examiner's position that the non-newtonian coefficient ranges taught in the prior art render obvious applicant's claimed ranges. Applicant failed to set forth sufficient evidence showing criticality for the narrower range.

4. Claims 6, 8, and 10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Harwood et al (6130292) or Auerbach (EP 709499) each in view of Fukata (4454189) and Senga (EP 353717), as set forth in the previous three actions.

Applicant's traversal of this rejection relies on the arguments set forth above.

Said rejection is maintained.

Art Unit: 1771

5. Claims 19-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Harwood et al (6130292) or Auerbach (EP 709499) each in view of Fukata (4454189), Senga (EP 353717) and either Yu (5266674), Stoner et al (5079079), or Ramsey (4923971), as set forth in the previous three actions.

Applicant's traversal of this rejection relies on the arguments set forth above.

Said rejection is maintained.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

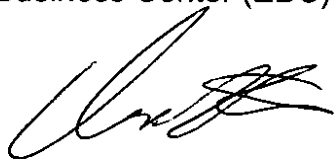

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
